Fiscal Year 2017/18 Budget Message

Date: April 26, 2017

To: Honorable Mayor and City Councilors
Members of the Budget Committee
Citizens of Hubbard

The proposed budget for the Fiscal Year of July 1, 2017 to June 30, 2018 is respectfully submitted for your review and consideration.

The gross proposed tax levy for Fiscal Year 2017-2018 is \$814,197, reflecting the City's permanent tax rate of \$3.9772 per \$1,000 applied against the estimated assessed value of \$204,716,232 which includes a 5.5% estimated growth increase. The property tax revenue estimate of \$769,824, included in the budget, is approximately 5.5% less than the levy amount in order to accommodate the effect of delinquent payments and discounts.

This budget has been prepared with a change in staffing reclassifying the Sr. Accounting Specialist position to a Finance Director that was adopted January 2017, a potential addition of a Part Time Office Assistant in Public Works and a potential reclassification to the Administrative Assistant to the Public Works Superintendent position. The proposed cost of living increase adjustment (COLA) for the 2017-2018 salary schedule is 2.1% applied to all full time positions. In addition to the COLA staff is proposing an increase in staff positions that were below market value according to the salary study completed in 2014. The salaries for the vacant positions in the Police Department are budgeted at the highest potential cost to the City. They are budgeted at the top step, 10% certification pay, Tier 1/2 PERS and full medical. Most likely these costs will be less at the time of hiring. Estimated increase to Personnel Services is approximately 14% overall more than last year due to the updates in salaries and change in staffing. Overtime pay continues to be budgeted in the Police Department for the Annual Hop Festival security and work related to Traffic Safety Grants. Additional overtime pay is budgeted to reduce the accumulation of compensator, holiday and vacation time in excess of the maximum allowed. In the Public Works Departments salaries include 'stand by pay', which is equivalent to 8 hours of straight pay per week, and overtime pay to help offset the accumulation of compensation, holiday and vacation time in excess of the maximum allowed. With lower staffing levels it becomes more difficult for staff to schedule time off and keep service levels static as best they can.

The City of Hubbard obtains group medical insurance through City County Insurance Services (CIS). CIS has notified the City that in order to help the members mitigate the impact of the Cadillac Tax (imposes a 40% excise tax on high cost health benefit plans), the current plan employees are on will terminate on December 31, 2017. CIS is currently working on a replacement plan(s). PERS rate have increased by an average of 22% for the next two years and includes the 6% employer "pick up". Workers Compensation is budgeted with an estimated 7.5% increase.

The City of Hubbard experienced an estimated 5.5% growth in the current fiscal year with the completion of the Greens at Mill Creek subdivision and the building of 5 new commercial buildings. The subdivision included a total of 37 new houses which have all been completed and sold. The new commercial buildings are approximately 72,700 square feet in total. There is potential for an additional new subdivision development off 4th Street which includes 31 new houses. Over the next few years the City will see increased revenues in Property Taxes, Franchise Fees, SDC's and Utility Revenue.

Staff continues to work diligently to keep expenditures at a minimum and continues to streamline procedures to increase productivity while cutting costs.

The following are highlights in the proposed budget as they relate to individual funds;

General Fund

Early in 2015/16 it was brought to the Council and Budget Committees' attention that the General Fund's ending fund balance was not sufficient to cover requirements for the start of the next fiscal year. As shown in the chart below the ending fund balance was on a steady decline. However, what the chart also shows is the positive incline in the past few years. I am pleased to say the General Fund has a sufficient ending fund balance, the highest ending fund balance in over 15 years. Our goal is to ensure that annual expenses remain lower than projected revenues, while providing the services our citizens expect from their local government. The 2017/2018 Budget reflects higher expenses than anticipated revenues however this is due to onetime capital projects and a 'catch up' transfer to the Reserve Fund to save for future capital projects.

The General Fund has benefited due to development of the Greens at Mill Creek subdivision. The City saw increased revenue in License and Permits and Transfers In (from the construction funds for SDC's). This revenue is not reoccurring however the City could see the same influx if the proposed 4th Street Subdivision comes to fruition. The General Fund will continue seeing an increase in Property Tax revenue and Franchise Fees in the upcoming years. This revenue will be constant revenue and will provide funding for additional services and/or projects throughout the community.

Expenditures are estimated to increase overall approximately 10%. Personnel Services has increased due to the above mentioned change in staffing, salary ranges, an increase in PERS rates and budgeting at the highest costs for vacant positions within the Police Department.

Street, Sewer, Water and Park Improvement Funds

Staff anticipates service levels will remain static throughout the departments.

Funds were budgeted throughout each department, streets, sewer, water and the general fund, for the City Hall Beautification project.

A preliminary evaluation of both the sewer and water construction funds indicate a strong possibility the City may be able to partially buy-down both the sewer and water debt service loans. Public Works will work closely with Finance in 2017/18 to provide a recommendation to Council.

A grant was submitted for a replacement restroom at Rivenes Park on April 1, 2016. Funds are included in the 2017/18 budget as capital outlay to complete this project and revenues to reflect the receipt of the local government grant funds.

The 2017/18 budget reflects a change in the gas tax revenue split to a 65/35 split (Streets/Street Construction). This is a change from the 2016/17 budget which reflected a 70/30 split. This will increase the Street Construction fund balance for future construction projects.

In the 2015/16 year the 2016 "G" Street Project bids were rejected. This project will be scaled down and put back out to bid in the 2017 construction season. The receipt of the grant for the 2016 SCA Grant is reflected in revenue and the capital outlay reflects the completion of the "G" street project.

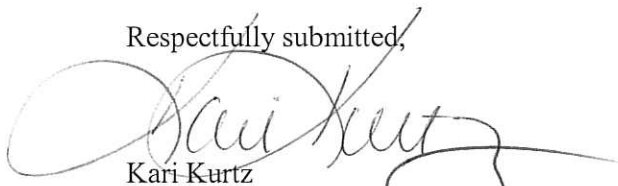

Per the 2012 Water & Wastewater Rate Study recommendations a sewer rate increase of \$1.84 per billing cycle and a water rate increase of \$1.70 per billing cycle are included in the 2017/18 budget.

The Sewer Construction budget reflects the beginning of the engineering phase of the water re-use project. Staff is waiting for official direction from the DEQ before beginning the project.

The Water Construction budget reflects the completion of an update of the City's Water System Master Plan.

The City is moving forward in a positive direction with healthy fund balances which will allow the City to focus on setting goals and begin funding the services/projects desired. Our focus will continue to be – keep our priorities balanced in the face of rising costs and uncertain revenues. I would like to acknowledge and thank the City's management team and staff for their efforts in contributing to the process in developing this budget. This is always a challenging time for all staff adding to the already full workloads.

Respectfully submitted,

Kari Kurtz
Budget Officer/Finance Director
